ELMER L. PENDLETON,

Treasurer of Islesboro

Report of the Superintendent of Schools

To the Citizens of Islesboro:

I herewith submit my fifth annual report as Superintendent of Schools.

No doubt the item of greatest interest to all is the evaluation of the consolidation project. As I pointed out last year in town meeting the people who should speak for or against the proposition are the parents and children involved in the change. However, as administrator in charge of your schools, I believe this present arrangement represents a great gain over the original five school set up. It should be pointed out, also, that the committee has been able to make their arrangements in spite of:

- (1) 25 % increase in grade school teachers salaries, plus increases in high school salaries.
- (2) greatly increased cost of conveyance services, bus, tires, repairs, etc., and
- (3) generally increased cost of all supplies and services.

As will be remembered the town, at its last regular meeting accepted the recommendation of the school committee in relation to relocating the schools of the town. The motion as voted called for consolidation of the schools, but the location, and number of the schools was left to the committee. In view of the fact that specific permission was not given to use the town hall room for school purposes the committee decided against using it until such a

vote could be taken. The English classes were moved to the third floor and the English room, so called, was given over to the 7th and 8th grades. With the present enrollment in these two classes, (eighteen) the room is large enough, but with next year's classes, (twenty-four) the town hall space should be made available.

The other grades, subprimary through the sixth, were put in two schools in the Pendleton building. Mrs. Arline Pendleton is in charge of the lower grades, and Mrs. Dorothy Pendleton has the intermediate group. One school has 29 pupils, the other 22. Since a new bus could not be bought the committee purchased the bus which had been rented, retained the services of Mr. Durkee as driver, and the program seems to be well established.

Resignations at the end of the school year, and the rearrangement of the schools made necessary the selection of several new teachers. Mr. Paul Lymburner was elected as Principal and Mrs. Lymburner as Commercial teacher. Their joint resignation at the end of the first week of school greatly disrupted the school program but Mr. Frederick Halla was found for immediate replacement as Principal, and, after several substitutes covering a number of weeks, the committee elected Miss Lois Smith as Commercial teacher. Mr. and Mrs. Charles Nichols were elected as seventh and eighth grade teacher, and assistant in the high school respectively. This present group of teachers in the high school building are doing excellent work, and the two Mrs. Pendletons are carrying of the same efficient schools we have come to expect of them. The town is fortunate to have such a fine corps of teachers at a time when some towns actually without teachers.

Two major considerations must be faced in making plans for next year. At this time no one knows what fur-

ther drains may be made on the manpower supply, both men and women, of the teaching force. If we wish to keep our schools going at all we must be prepared to compete with other towns for teachers, supplies and other services.

The other consideration is the persistent agitation for curtailment of the school program, particularly the closing of the small high schools for the duration. If transportation facilities were normal this might be a tenable suggestion but with conditions as they are it would mean a great many of our young people would be deprived of high school privileges. Never has education played such an important part in the selection of individuals for various services as it does now, and I believe we shall do well to bend every effort to see that our young people have the opportunity to get the most we can give them in this period of world emergency. Although the saving brought about by consolidation is more than offset by increased cost the committee feels that a representative program can be maintained without any major increase in appropriations over last years figures. The committee recommends:

for maintenance - - - \$11,000.

for repairs - - - - - 500.

In closing I wish to thank the townspeople for their interest and cooperation in the school affairs. In a very trying school year it has been a pleasure to work in a town where the schools have been so well supported.

Thank you for this opportunity to report.

Respectfully submitted,

HOWARD D. FOWLIE,
Superintendent

Report of High School Principal

To the Superintendent of Schools, the Superintending School Committee and the Citizens of Islesboro:

It is my privilege to submit my first report as principal of the high school.

The fall term, which opened September 14, 1942, had been in session for two weeks when I became principal. There was an enrollment of 45 students, 17 boys and 28 girls, but by the beginning of the second semester only 40 pupils were going to high school. One boy went into the armed services of our country while four other students moved with their families to defense work centers.

During the past year, many graduates of Islesboro High School joined the Armed forces of the United States.

Although we have made one trip with our basketball teams and although more games are scheduled, the war, and gas and tire rationing have seriously limited our interscholastic athletic program. However, more boys and girls than ever before have been able to participate in athletics because of the formation of eight local teams into a basketball league.

Since the beginning of November two ball games have been played every Friday evening. These games, which have been followed by socials, are open to everyone in town. A volley ball league is also in the process of being started.

Islesboro High School meets with the requirements set up by the State of Maine Department of Education for a "Class A" high school.

A local chapter of the National Parent-Teachers Association has been formed. Meetings are held in the high school during the evening of the second Tuesday in each month.

Among the coming events on the high school calendar are the Senior Play, the Junior Exhibition, and a Cowboy Jamboree.

During the year, Islesboro High School, like all other high schools, has had many interruptions in the customary routine. Teachers have been called upon to take charge of rationing and many other emergency matters. The students, however, have risen above these interruptions. Islesboro, I earnestly believe, should be justly proud of its children.

I wish to express my gratitude to the Superintendent of Schools, Mr. Howard D. Fowlie, the Superintending School Committee, Mrs. Virginia Nichols, and Miss Lois Smith of the high school faculty, Dr. W. S. Garcelon, Rev. Lauris Whitman, and the many people in town who have helped the school in innumerable ways. It has been a pleasure and a valuable asset to have Mr. Charles Nichols and the 7th and 8th grades in the same building with the high school. To all who have cooperated in these trying times, I give my sincere thanks.

Respectfully submitted,

FREDERICK A. HALLA,

Principal

Report of Islesboro Free Library

To the Selectmen of Islesboro:

In these serious times the circulation of books in reading places has decreased but even with so many of our readers away in "war and war-work" our little library has had a very good year.

Our magazines are anxiously awaited and National Geographic, Times, Liberty and Life are used by the children as much as by the regular readers for the study of pictures, articles and maps associated with the war.

To take the place of "movies" this winter, Screen and Radio magazines are used in connection with radio programs and in the library we have enjoyed special programs with the radio left with us during the winter by Miss Ruth Draper.

We thank Mr. Paul Shirley for the present of a set Groves Dictionary of Music and Musicians, Mrs. Bertolet for a check of \$10 and Miss Mary Clayton \$3. with which to purchase books also Miss Grace ten 1942 books to enjoy before sending to the soldiers, Mrs. Rozina Hamilton a box of books from which to select for the "Book Campaign" and Mr. Drexel Paul and daughter Ann about 40 books.

Ethel Wyman, Jean Thayer, Nancy Chase, Carolyn Randlett and the Fitzgerald children presented us with books and magazines, Mrs. Whitman leaves her "Parents" magazines for a while and Lydia Pendleton furnishes us with many extra magazines especially the "Outdoor" etc. enjoyed by the boys.

We have received as gifts during the year the following:

Frederick Bertolet (in memory of Alice H. Jones) 21—Fitzgeralds box of Big Little Books—Mrs. Garcelon 1—Miss Grace 10—Mrs. Rozina Hamilton 25—Mrs. Virginia Luke 1—Drexel Paul and daughter Ann 40—Miss Alice L. Pendleton 12—Mrs. Blanche Pendleton 2—Mr. F. D. Pendleton 1—Donald and Judith Pendleton 2—Elmer Pendleton 2—Mrs. Florence D. Pendleton 1—Mrs. Lottie Pendleton 1—Mrs. Pauline N. Pendleton 1—Mrs. Dorothy Phelan 2—Carolyn Randlett 12 B. L. Books—Mrs. Mabelle Randlett 4—State 2—Alice Stevens 2—Mrs. Brina Stevens 24—Mrs. Edith Tehan 1—Mrs. Addie Trim 2—Mrs. Fannie Trim 6—Dorothy Wyman 2—Paul Shirley, set.

We were pleased to have Miss Alice with us several times this summer and we will welcome our janitor, Mrs. Bertha Pendleton when she returns home.

Read to the children, teach them the stories of Mother Goose, fairy tales, mythology and the little stories they should learn while young and may I remind you that this is a good winter to read aloud to the family Whittier's "Snowbound."

Respectfully submitted,

MARION KIMBALL,

Librarian

Report of Public Health Nurse—1942

Another year has passed and we are still at war; war which affects our lives and work.

The health of our children must be protected and conserved and for their benefit we must not relax our vigil in education for good nutrition, prevention of disease, and the correction of remedial defects.

The examination of the men for military service has shown the need for better medical examination for our children. Aside from the complete physical examination which included a chest x-ray, the men are given immunization against the various communicable diseases.

If the government realizes the need for our service men to have this thorough physical check-up and protection, shouldn't we, the present citizens of the communities, feel responsible for seeing that such services are available for the health and welfare of our future citizens?

The work in Islesboro has been greatly curtailed this past year. War conditions have created a serious transportation problem. However, during the year, the nurse has been able to make supervisory visits on parents of children under the supervision of the Crippled Children's Services, and also upon children who have had close contact with tuberculosis patients. In these visits, the nurse has made an effort to interpret to the mothers and instructions received at the Crippled Children's Clinics. The follow-up work with the tuberculosis contacts has been for the purpose of giving advice in regard to rest, isolation, and need for periodic checkups.

Mothers of preschool children were visited, when the importance of early immunization was stressed.

In 1943 following activities should be increased: Immunization program against the preventable communicable diseases, with a better understanding of the methods for controlling the spread of those diseases which cannot be prevented, and a community responsibility for increasing its health index.

With the slogan "Co-operation for 1943," we will look forward to BETTER HEALTH for 1944.

Miss Jessie B. Sutherland
Public Health Nurse.

Report of Sailor's Memorial

To the Selectmen of Islesboro:

Islesboro Sailors Memorial entertained fewer visitors last summer than in previous years since its opening. Scarcity of gasoline made it impossible for the customary number of persons from a distance to come to Islesboro, but folks from nearby points came in satisfying numbers. Practically all those who came were from New England localities, and a greater number of local folks visited the museum than in previous years.

Because this falling off in patronage was anticipated, the lighthouse was kept open for but half of each day and for a shorter period of the summer season than heretofore. The vesper services on Sunday evenings which have been a weekly feature for several years, were continued, and several guest speakers addressed the Sunday evening gatherings.

The Memorial received a marvelous gift from Miss Dorothy Forbes of the Dark Harbor summer colony, who had erected a pulpit in the grounds to be used for these services. It is of grey field stone, set on the western side of the lawn, with West Penobscot Bay as a background for the colorful services. This was completed in time for the last several services and was dedicated with appropriate ceremonies, the Rev. Lauris Whitman making the address.

Several worth while loans and gifts were made to the collection in the lighthouse which added interest to the nucleus of a museum which Miss Alice L. Pendleton of Isles-

boro and Brooklyn, N. Y. began the summer the place was opened, and which is gradually growing in interest and worth. These included articles from Alpheus Pendleton, Dark Harbor; Capt. John Dodge, formerly of Islesboro; Ralph Pendleton, formerly of Dark Harbor ,now of New York, and Joseph A. Pendleton of Dark Harbor.

During the summer some improvements were made in the interior of the building, especially in the light tower, where the walls were cleared of the whitening which had been applied for successive years and which had loosened from the walls.
